Code Extraction

```
#feature(
    title: none,
    date: datetime.today(),
    color: luma(250),
    size: auto,
)
```

Arguments

name: type type type *(required)*

Required argument.

name: type type type

Optional argument.

name: → type type type

Possible output types.

name: type type type → type type *(required)*

Possible input and output types.

#feature(name) → type type type

Syntax highlight.

#set feature(name)

No input nor output types.

name: type *(required)*
type type type type type

Long list of input types.

name: → type *(required)*
type type type type type type

Long list of output types.

name: type type type type type → type type type type type type type type type *(required)*
type type type

Long list of input and output types.

Paper-friendly Links

This link is clickable on screens and generates a footnote for print visibility.¹
